| Project Name | Streamlining IT Procurement: Automating Standard Laptop order with flow designer |
| Maximum Marks | 2 Marks |

**Problem – Solution Fit Template:**

The Problem-Solution Fit for the Standard Laptop Task Flow focuses on the problem of manual task creation and routing for approved Standard Laptop requests. The solution uses ServiceNow Service Catalog and Flow Designer automation to create a Catalog Task under the related Requested Item and assign it to the Hardware team.

**Purpose:**

- ❑ Automate the creation of tasks for approved Standard Laptop requests and minimize manual effort.
- ❑ Integrate Flow Designer with the existing Service Catalog request and approval process.
- ❑ Ensure that approved laptop requests are automatically converted into actionable tasks for the appropriate team.
- ❑ Reduce processing delays and improve the overall request fulfillment time.
- ❑ Replace the existing manual task assignment process with a consistent and automated workflow.
