Team ID	6ab8c3ef30f9767f87730407
Project Name	Streamlining IT Procurement: Automating Standard Laptop order with flow designer
Maximum Marks	[TO BE FILLED]

Project Overview

Project Name: Standard Laptop Task Automation – ServiceNow

Project Description: The Standard Laptop Task flow automates the creation of a Catalog Task for Standard Laptop requests. Once the request reaches the configured approval condition, the flow creates a task under the related Requested Item and assigns it to the Hardware assignment group for laptop configuration.

Project Version: [TO BE FILLED]

Testing Period: [TO BE FILLED] to [TO BE FILLED]

Testing Scope

- Standard Laptop request submission through the Service Catalog.
- Configured approval condition.
- Flow Assignment connecting the Standard Laptop catalog item with the Standard Laptop Task Flow Designer flow.
- Execution of the Standard Laptop Task Flow after approval.
- Catalog Task creation under the related Requested Item.
- Assignment of the Catalog Task to the Hardware assignment group.
